

# Loud [Lyrics]

[Default Arrangement]

## Verse

Your love for me is burning bright  
It's blazing like a fire  
That nothing can contain  
Your love is louder than my fears  
It's breaking chains in me  
Setting my heart free

## PreChorus

So I shout, shout until the walls fall down  
Dance until my freedom's found  
I can't be silent now

## Chorus

This love is meant to be loud

## Bridge

You set my heart on fire  
Your love burns in me now  
You're shining bright in my life  
Let this love be loud
